

Alu-Roll Membrane – CAMF950

Shop CAMF950 Alu-Roll Membrane from STIPL Roofz—ventilation membrane for ridges, ensuring watertight sealing for flat and mixed roof tiles.

Alu-Roll Ventilation Membrane – CAMF950

CAMF950 Alu-Roll membrane provides advanced ridge ventilation and sealing for flat and mixed roof tiles.

The **Alu-Roll Membrane – CAMF950** is an advanced aluminum ventilation membrane for ridges and hips. With a 5 m roll length and 300 mm width, it ensures watertight sealing and superior ventilation for flat and mixed roof tiles. Crafted by STIPL Roofz, it is fastened to the batten with nails or staples, with adhesive strips for secure roof adhesion. Its durable, lacquered aluminum construction is ideal for modern and traditional roofing systems.

Dimensions: 5 m x 300 mm

Material: 0.14 mm lacquered aluminum with butyl glue

Pallet Quantity (approx): 800 m (40 packs)

High-Performance Membrane

Alu-roll membrane ensures robust roof waterproofing.

Durable Build

Resists weathering for long-term performance.

Easy Fit

Designed for secure, efficient roof sealing.
