

Alu-Roll with Micro Cut – CAM01

Shop CAM01 Alu-Roll with Micro Cut from STIPL Roofz—ventilation band for ridges and hips, ensuring watertight sealing for flat and mixed roof tiles.

Alu-Roll Micro Cut Ventilation Band – CAM01

CAM01 Alu-Roll with micro cut ensures watertight ridge and hip ventilation, ideal for flat and mixed roof tiles.

The **Alu-Roll with Micro Cut – CAM01** is a high-quality aluminum ventilation band designed for ridges and hips. With a 5 m roll length and 300 mm width, it features micro-cut technology for superior ventilation and watertight sealing against rain and wind. Crafted by STIPL Roofz, it is nailed or stapled to the uppermost batten, with adhesive strips securing it to flat or mixed roof tiles. Its durable, lacquered aluminum construction ensures long-term performance. Ideal for modern and traditional roofing systems.

Dimensions: 5 m x 300 mm

Material: 0.14 mm lacquered aluminum with butyl glue

Pallet Quantity (approx): 800 m (40 packs)

Micro Cut Design

Alu-roll with micro cut ensures waterproofing.

High Durability

Resists weathering for long-term performance.

Easy Application

Designed for secure, efficient roof sealing.
