

Alu-Roll With Micro Cut – CAMF1

Discover CAMF1 Alu-Roll with Micro Cut from STIPL Roofz—ventilation band for ridges, ensuring watertight sealing for flat and mixed roof tiles.

Alu-Roll Micro Cut Ventilation Band – CAMF1

CAMF1 Alu-Roll with micro cut provides advanced ridge ventilation, ensuring watertight protection for roof tiles.

The **Alu-Roll With Micro Cut – CAMF1** is a premium aluminum ventilation band for ridges and hips. Measuring 5 m in length and 300 mm in width, it uses micro-cut technology to ensure optimal airflow and watertight sealing against rain and wind. Crafted by STIPL Roofz, it is secured to the batten with nails or staples, with adhesive strips adhering to roof tiles. Its lacquered aluminum and butyl glue ensure durability, making it ideal for flat and mixed roof systems.

Dimensions: 5 m x 300 mm

Material: 0.14 mm lacquered aluminum with butyl glue

Pallet Quantity (approx): 800 m (40 packs)

Enhanced Micro Cut

Alu-roll with micro cut improves roof waterproofing.

Weather Resistant

Resists harsh weather for lasting durability.

Seamless Fit

Designed for efficient roof sealing application.
