

Clover Red Ceramic Window Lattice – FACE01

Discover FACE01 Clover Red Ceramic Lattice from STIPL Roofz—perfect for facades, walls, and natural ventilation with Mediterranean elegance and lasting durability.

Clover Red Ceramic Lattice – Traditional Ventilation Charm

FACE01 ceramic window lattice combines decorative appeal and natural ventilation, perfect for adding elegance and airflow to facades, balconies, or garden walls.

The **Clover Red Ceramic Window Lattice – FACE01** is a beautifully crafted terracotta screen ideal for both decorative and functional applications. With a square design of 20×20 cm and 7 cm thickness, this ceramic piece enables natural ventilation while enhancing aesthetics. The clover pattern allows light and air to pass through, making it perfect for facades, partitions, pergolas, and privacy walls. Its warm red tone and artisanal finish reflect timeless Mediterranean charm. Whether used in modern or traditional architecture, FACE01 delivers durability, elegance, and sustainable design.
