

# Curved Galia Roof Tile

The Curved Galia Roof Tile by STIPL Roofz is perfect for Mediterranean architecture and heritage restorations. Durable, classic, and beautifully colored for timeless appeal.

## Curved Galia Roof Tile – Heritage with Earthy Warmth

Experience timeless European charm with the Curved Galia Roof Tile. Its natural earthy tones and classic barrel shape make it ideal for historic restorations and Mediterranean-inspired architecture.

The **Curved Galia Roof Tile** reflects a deep respect for Mediterranean and Spanish Colonial architectural heritage. Known also as a **Mission barrel tile**, this two-piece system has graced rooftops across Europe and the New World for centuries.

With its warm **Galia tone**—a soft, sun-baked blend of beige and ochre—it adds a naturally aged, rustic character to new constructions and restoration projects alike. Designed for aesthetic harmony and technical performance, it allows smooth water runoff, effective ventilation, and high resistance to thermal variations.

Manufactured by **La Escandella** and brought to you by **STIPL Roofz**, the Galia tile merges old-world craftsmanship with cutting-edge durability. Whether preserving historic beauty or crafting timeless elegance in a new home, this tile delivers lasting impact.

### Galia Aesthetic

Curved galia tiles enhance roof visual appeal.

### Weather Resistant

Resists rain and UV for lasting performance.

### Secure Fit

Designed for stable, wind-resistant installation.
