

Eaves Ventilation Comb with Batten – CAM58

Shop CAM58 Eaves Ventilation Comb with Batten from STIPL Roofz—enhances airflow and support for flat and mixed roof tiles.

Eaves Ventilation Comb with Batten – CAM58

CAM58 eaves ventilation comb with batten ensures airflow and support for roof tiles.

The **Eaves Ventilation Comb with Batten – CAM58** combines a ventilation comb and batten for enhanced airflow and structural support. Crafted by STIPL Roofz, its polymer and galvanized steel construction prevents condensation while supporting flat and mixed roof tiles. Measuring 1 m in length, it is ideal for modern and traditional roofing systems, ensuring durability and easy installation.

Dimensions: 1 m x 50 mm

Material: Polymer and galvanized steel

Pallet Quantity (approx): 800 units

Batten Ventilation

Ventilation comb with batten enhances roof airflow.

Weather Resistant

Resists harsh weather for lasting durability.

Secure Fit

Designed for reliable eaves ventilation.
