

H-Selection Innova Brown

Innova Brown is a premium clay tile by La Escandella. Rich in color, lightweight, and precision-fit with flexible laying patterns. Ideal for stylish and durable rooftops.

Innova Brown – Smart Design, Timeless Appeal

Innova Brown delivers innovation and style with rich earthy tones. Combine it with Vienna tiles or lay it solo for roofs that stand out with durability, elegance, and color depth.

The **H-Selection Innova Brown Roof Tile** by La Escandella combines advanced ceramic innovation with a warm, earthy finish to elevate your roofing design. With a distinctly modern profile, it offers smooth installation, high resistance, and design flexibility.

Whether used alone or paired with **Vienna tiles**, Innova Brown creates roofs that radiate visual depth and personality. Manufactured using La Escandella's **H-Selection technology**, this tile guarantees:

- Perfect dimensional precision
- Low water absorption
- Outstanding mechanical strength
- UV and weather resistance

Each tile weighs only **3.4 kg**, making it lightweight and easy to install, with both **straight and broken bond laying options**. Its rich brown tone suits a variety of architectural styles—from rustic villas to modern homes—offering natural warmth and timeless elegance.

Ideal for residential, hospitality, and institutional projects, **Innova Brown** is a perfect mix of style, durability, and performance that transforms rooftops into works of art.
