

H-Selection Innova Galaxy

Innova Galaxy by La Escandella offers a bold, cosmic look with high performance and low maintenance. UV-resistant, lightweight, and compatible with straight or broken bond laying.

Innova Galaxy – Bold Finish, Brilliant Performance

Innova Galaxy adds a cosmic edge to your roof with a shimmering blend of dark tones. Perfect alone or with Vienna tiles, it combines stunning aesthetics with high-performance durability.

The **H-Selection Innova Galaxy Roof Tile** by La Escandella is where **cutting-edge design meets celestial inspiration**. Its striking Galaxy finish—a blend of dark, cosmic hues—adds dramatic contrast and depth to any structure, making it a favorite for modern and upscale architectural styles.

Manufactured with La Escandella's **H-Selection technology**, Innova Galaxy ensures:

Exceptional flatness and dimensional consistency

Low water absorption and weather resistance

UV-stable pigments for long-term color brilliance

Superior strength in a lightweight 3.4 kg form

This tile supports **both straight and broken bond laying**, making it flexible for customized visual expressions. Whether used as a standalone feature or combined with **Vienna tiles** for dual-textured effects, Innova Galaxy delivers bold sophistication and architectural flair.

Perfect for high-end homes, villas, and commercial buildings, this tile not only enhances aesthetics but also provides enduring performance and easy installation.
