

H-Selection Planum Blackstone

Planum Blackstone offers a bold black finish with large format, broken bond layout, and lightweight strength. Ideal for premium modern rooftops.

Planum Blackstone – Bold Finish, Timeless Form

Planum Blackstone offers a sleek charcoal-toned finish with flat design, large format, and lightweight strength. Perfect for bold, modern rooftops with broken bond installation.

The **H-Selection Planum Blackstone Roof Tile** by La Escandella delivers a **striking fusion of traditional elegance and contemporary boldness**. With a rich, charcoal-black finish and ultra-flat profile, this tile redefines modern rooftops with **strength, style, and sophistication**.

Favored for its **lightweight structure (just 3.5 kg per tile)** and **large format design**, Planum Blackstone is ideal for efficient installations and long-lasting performance. Its **broken bond (cross bond)** laying pattern enhances roof strength, water drainage, and dynamic appearance.

Crafted using **H-Selection ceramic technology**, this tile provides:

Dimensional precision and surface flatness
Low porosity for superior weather resistance
UV-stable black finish for fade-free color over time
High mechanical strength with easy installation

Whether used on minimalist homes, luxury villas, high-end commercial buildings, or architectural projects, **Planum Blackstone** adds drama and distinction to every roof it graces.
