

H-Selection Planum Red

Planum Red is La Escandella's most popular tile—large format, lightweight, and designed for broken bond laying. Traditional red finish meets modern performance.

Planum Red – Elegant. Efficient. Enduring

Planum Red is the ultimate balance of tradition and technology. Lightweight, strong, and large-sized, this tile offers seamless coverage, rustic charm, and long-lasting durability with a broken bond layout.

The **H-Selection Planum Red Roof Tile** from La Escandella exemplifies the perfect union of **traditional charm and cutting-edge innovation**. As the most requested tile in the Planum range, it's designed for superior efficiency, visual appeal, and long-lasting strength.

Crafted using La Escandella's **H-Selection technology**, this tile offers high resistance to weather, low water absorption, and precise dimensions. Its **flat profile** and **bold red finish** deliver clean, elegant lines across all roofing styles—from contemporary homes to classic architecture.

Installed using the **broken bond (cross bond)** method, Planum Red ensures greater water flow, enhanced structural integrity, and a rhythmic roofscape. Despite its large format, each tile weighs just **3.5 kg**, allowing for quicker installations and less structural load.

Planum Red is ideal for villas, farmhouses, urban homes, and resorts that seek sophistication without compromise. Its vibrant red hue offers warmth, visibility, and character—perfect for creating iconic rooftops across India's varied landscapes.

Bold Red Finish

Vibrant red tiles enhance roof aesthetics and appeal.

Strong Structure

Engineered for strength, ideal for extreme climates.

Easy Fit

Designed for quick, precise installation on roofs.
