H-Selection Selectum Carmine

Selectum Carmine features a vibrant red tone with FlexiLock technology and klinker ceramic strength. Traditional style meets lasting performance for premium rooftops.

Selectum Carmine – Bold Tradition with FlexiLock Ease

Selectum Carmine delivers vibrant carmine red elegance with klinker strength and FlexiLock precision. A heritage-inspired tile engineered for superior performance and timeless charm.

The **H-Selection Selectum Carmine Roof Tile** is a stunning blend of **classic European styling** and **modern roofing efficiency**. Designed with a vibrant carmine red tone, this tile instantly elevates your roof with warmth, character, and presence.

Its robust **klinker-quality ceramic construction** ensures high resistance to weather, color fading, and breakage. Whether used in **residences, villas, or restoration projects**, the Selectum Carmine offers durability, beauty, and versatility.

The standout feature is the **FlexiLock system**, which allows easy, secure, and precise installation across a range of roof pitches and forms. With a variable density of **11 to 14 tiles per square meter**, it's adaptable to different design needs without compromising performance.

From architectural homes to Mediterranean-inspired spaces, **Selectum Carmine** combines **bold aesthetics** with **structural reliability**, making it a top choice for premium roofing.
