

# **H-Selection Selectum Carmine**

Selectum Carmine features a vibrant red tone with FlexiLock technology and klinker ceramic strength. Traditional style meets lasting performance for premium rooftops.

### Selectum Carmine - Bold Tradition with FlexiLock Ease

Selectum Carmine delivers vibrant carmine red elegance with klinker strength and FlexiLock precision. A heritageinspired tile engineered for superior performance and timeless charm.

The H-Selection Selectum Carmine Roof Tile is a stunning blend of classic European styling and modern roofing efficiency. Designed with a vibrant carmine red tone, this tile instantly elevates your roof with warmth, character, and presence.

Its robust klinker-quality ceramic construction ensures high resistance to weather, color fading, and breakage. Whether used in residences, villas, or restoration projects, the Selectum Carmine offers durability, beauty, and versatility.

The standout feature is the FlexiLock system, which allows easy, secure, and precise installation across a range of roof pitches and forms. With a variable density of 11 to 14 tiles per square meter, it's adaptable to different design needs without compromising

From architectural homes to Mediterranean-inspired spaces, Selectum Carmine combines bold aesthetics with structural reliability, making it a top choice for premium roofing.
