

H-Selection Selectum Light Green

Selectum Light Green offers a fresh, earthy color and klinker durability. With FlexiLock tech, it's a long-lasting, stylish solution for premium roofing.

Selectum Light Green – Heritage Look in a Fresh Hue

Selectum Light Green combines classic roof tile form with a refreshing green tone. Featuring FlexiLock for precise installation and crafted with klinker ceramic for long-lasting durability.

The **H-Selection Selectum Light Green Roof Tile** is a refreshing take on traditional roofing. Made with **klinker ceramic quality** and coated in a subtle green glaze, it brings a unique, earthy vibrance to rooftops while maintaining the elegance of timeless clay tile design.

Designed with **FlexiLock interlocking technology**, this tile ensures **quick, secure, and accurate installation**, saving time and improving alignment across complex roof structures. Its adaptable density—**11 to 14 tiles per square meter**—gives architects and builders flexibility in both design and cost efficiency.

This tile offers excellent **weather resistance**, **low water absorption**, and **superior structural strength**, making it ideal for both modern homes and classic villas. The **light green color** blends seamlessly into natural landscapes, making it a top pick for eco-conscious and scenic construction projects.

For those seeking a **roofing solution that feels fresh, elegant, and enduring**, the **Selectum Light Green** tile is the perfect blend of beauty and performance.
