

H-Selection Vienna Slate

Vienna Slate offers flawless flatness and a slate-grey finish with straight bond laying. Durable, elegant, and engineered by La Escandella for premium rooftops.

Vienna Slate – Clean Lines, Contemporary Slate Finish

Vienna Slate offers sleek flatness and a refined slate-grey tone. With straight bond laying and a frontal furrow design, it creates a uniform, elegant, and weather-resistant rooftop.

The **H-Selection Vienna Slate Roof Tile** by La Escandella combines **architectural precision** with the elegance of a **contemporary slate-grey finish**. Designed with **perfect flatness** and a signature **frontal furrow**, this tile adds structure and depth to every rooftop while maintaining a clean, minimal look.

Installed using the **straight bond** method, Vienna Slate delivers seamless alignment and modern appeal. Ideal for luxury homes, urban residences, and commercial properties, it enhances both functionality and aesthetics.

Manufactured using **H-Selection technology**, Vienna Slate ensures:

Excellent dimensional stability
UV-resistant, color-stable finish
Low water absorption for long-lasting performance
Exceptional durability in all climates

Weighing just **3.6 kg**, this tile is lightweight yet robust, making it easy to install while ensuring structural strength. Whether used alone or as part of a multi-tone roofscape, Vienna Slate is a perfect choice for design-conscious builders and homeowners.
