

Polar Red Ceramic Window Lattice – FACE04

Discover FACE04 Polar Red Ceramic Lattice from STIPL Roofz—modern design with ventilation, ideal for facades, walls, and stylish privacy screens.

Polar Red Ceramic Lattice – Modern Ventilation Elegance

FACE04 ceramic lattice offers a sleek polar pattern with excellent cross ventilation, ideal for facades, fences, and decorative partitions.

The **Polar Red Ceramic Window Lattice – FACE04** is a stylish terracotta screen with a modern polar pattern. Measuring 20×20 cm with a 7 cm thickness and weighing 2 kg per piece, it ensures natural airflow and privacy for facades, interior partitions, or garden walls. Its warm red ceramic finish, crafted by STIPL Roofz, adds a contemporary Mediterranean touch while promoting passive cooling through gentle light diffusion. Perfect for modern and traditional designs, FACE04 combines durability and aesthetic appeal.
