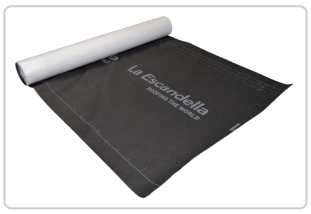
Waterproof Membrane – CAM21

Shop CAM21 Waterproof Membrane from STIPL Roofz—reliable protection against water for flat and mixed roof tiles.



Waterproof Roofing Membrane – CAM21

CAM21 waterproof membrane ensures reliable protection against water for roof systems.

The **Waterproof Membrane – CAM21** is a durable roofing membrane designed to prevent water infiltration. Crafted by STIPL Roofz, its 10 m roll length and polymer construction provide watertight sealing for flat and mixed roof tiles. With adhesive backing, it ensures easy installation and long-term weather resistance for various roofing systems.

Dimensions: 10 m x 1 m
Material: Polymer
Pallet Quantity (approx): 400 m (40 rolls)

Enhanced Waterproofing
Waterproof membrane provides superior roof protection.

Weather Resistant
Resists harsh weather for lasting durability.

Seamless Fit
Designed for efficient roof sealing application.
