

Waterproof Membrane – CAM53

Shop CAM53 Waterproof Membrane from STIPL Roofz—reliable watertight sealing for flat and mixed roof tiles.

Waterproof Roofing Membrane – CAM53

CAM53 waterproof membrane provides reliable watertight sealing for roof systems.

The **Waterproof Membrane – CAM53** is a durable roofing membrane designed to prevent water infiltration. Crafted by STIPL Roofz, its 10 m roll length and polymer construction ensure watertight protection for flat and mixed roof tiles. With adhesive backing, it is easy to install and offers long-term weather resistance for various roofing systems.

Dimensions: 10 m x 1 m

Material: Polymer

Pallet Quantity (approx): 400 m (40 rolls)

High-Performance Membrane

Waterproof membrane enhances roof protection.

Weather Resistant

Resists harsh weather for lasting durability.

Seamless Fit
